CHAPTER REVIEW Managerial Accounting Basics 1. (S.O. 1)
Managerial accounting is a field of accounting that provides economic and financial information for managers and other internal users. Managerial accounting applies to all types of businesses — service, merchandising, and manufacturing — and to all forms of business organizations — proprietorships, partnerships and corporations.

2 Managerial Accounting, 17th edition 2-11 No, you would not expect the total applied overhead for a period to equal the actual overhead for that period. This is because the applied overhead relies on a predetermined overhead rate that is based on estimates in the numerator and denominator. 2-12 When a company applied less overhead
