newly licensed architect. Throughout this handbook you will see a cognitive level designation after each objective. All of the sample items in this handbook contain an explanation of what makes the item a certain cognitive level. Understanding the expected cognitive level for each objective should help you

ARE Handbook - NCARB

Architects discuss with clients the objectives, requirements, and budget of a project. In some cases, architects provide predesign services, such as feasibility and environmental impact studies, site selection, cost analyses, and design requirements. Architects develop final construction plans on the initial proposal after discussing with clients.
