The hybrid economy will become ever more prominent in every creative realm-from news to music-and Lessig shows how we can and should use it to benefit those who make and consume culture. Remix is an urgent, eloquent plea to end a war that harms our children and other intrepid creative users of new technologies. It also offers an inspiring vision of the post-war world where enormous opportunities await those who view art as a resource to be shared openly rather than a commodity to be hoarded.
